## 'Woman's Face' at Redwood

Beautiful Joan Crawford co-stars with Melvyn Douglas in "A Woman's Face" coming to the Redwood Theater starting Sunday. The picture unfolds the dramatic story of a woman restored from a scarred horror to a creature of beauty.

## School Board Members And Autoists Sued

Four persons and the Redwood City Elementary School District were named defendants here in a suit in which Frank R. Rodriguez seeks to recover \$25,000 for injuries received by Isabel Rodriguez, a minor.

The suit contends that the child was sent on an errand by one of the teachers at McKinley School on May 1. While on the errand she was hit by an automobile driven by Zene A. McClain after the McClain car had collided with one driven by George Monohan at the intersection of El Camino Real and Jefferson Ave.

In addition to the above, Frank Monohan, owner of one of the cars, and Richard Hubbard, owner of the other, were named defendants.

During part of the Revolutionary War the Liberty Bell was hidden in a church at Allentown, Pa.

## Theaters To Honor 'Bonus Week' Tickets

Manager Hal Honore of the Fox Sequoia Theater has announced an outstanding lineup of feature pictures, which will play during the time his "Employees' Bonus Weeks" tickets are honored at the box office. These tickets, good for bridge prizes, theater parties, or almost any type of gift, and naturally a money saving personal theater admission ticket, are now being sold by theater employees. They are awarded 10 per cent of all sales as a vacation bonus, and the purchaser, who buys the tickets at the general admission price, is entitled to loge seats when available.

Of interest to patrons are the following bookings, which are promised: "Man Hunt," with Walter Pidgeon and Joan Bennett, and "Model Wife" with Joan Blondell and Dick Powell, the first program. "Hit the Road" and "Las Vegas Nights," a combination which embraces such names as Phil Reagan, Bert Wheeler, Tommy Dorsey's orchestra, Gladys George and Barton Mac Lane, second show.

Harold Bell Wright's "Shepherd of the Hills" with John Wayne, in technicolor, and "Dance Hall," with lovable Cesar Romero; "Man Power" with George Raft, Marlene Dietrich and Edward G. Robinson; "Tight Shoes" with Leo Carrillo and John Howard, "Blossoms in the Dust," a technicolor hit with Greer Garson; "Underground" with Jeffrey Lynn, and several other big hits will all be shown to "Bonus Week" ticket holders.

## Meeting Set For Tuesday

A proposal to establish a co-ordinated program of recreation for service men on the Peninsula will be discussed here Tuesday night at a meeting of the executive committee that headed the recent drive for the United Service Organizations. The meeting will be held in the city hall at 7:45 o'clock.

Members of the committee reported that several Peninsula families have volunteered to act as hosts to service men over weekends and arrangements for taking advantage of the offers will be discussed at the meeting.

Also to be discussed will be possible arrangements for aiding local service men to come home for weekend leaves.

National USO headquarters has given permission to all drive units to keep for their own activities funds raised in excess of their quotas. In the case of Redwood City, some contributions have been sent in after the local quota was reached. Whether this surplus will be used to aid in financing the program that is being planned here will be determined also at the Tuesday evening meeting.

## Draft Board Secures Permanent Quarters

Redwood City Draft Board will move its location from the San Mateo County Court House to a residence building on the northwest corner of Middlefield Rd. and Marshall St. some time this week.

The board has been occupying temporary quarters in the court house and will move as soon as furniture for the new, permanent establishment is received.

## Rain Is Received Here in July For Third Time in 17 Years

For only the third time in the 17 years for which rainfall records are available, Redwood City has had rain in July.

A total of .01 inch was recorded in a shower here Sunday shortly before 8 a.m. after threats of rain the previous evening failed to materialize.

The only previous times since 1924 that any rain whatever had been recorded in July came July 24, 1931, and July 9, 1936, when .01 inch was recorded on each occasion.

Rain was received Saturday night in the San Mateo-Burlingame area, when a trace was recorded.

Elsewhere on the Peninsula,

very light showers fell also Sunday. Palo Alto received a trace, although it was not enough to be officially recorded.

Not only is rain rare here in July, it is rare also in August and September. The only August rains recorded were in 1925, 1930, 1935 and 1936; September rains in the same years and in 1933, 1938 and 1939.

## SIGN FRAMEWORK PUT UP

Redwood City Fire Department is putting up poles and frames for the new Redwood City sign to be placed at Five Points in the V-shaped area between Main St. and El Camino Real. It will be approximately a month before the actual sign is put up, Chief Mark E. Ryan said.

## County Firemen Fight Two Grass Blazes

Calls to two grass fires were answered Sunday afternoon by the county fire warden. One of the blazes was on the Mills Estate near San Bruno where two acres of grass and brush were burned over and the other was on Skyline Blvd., south of Crystal Springs Dam. Here about an acre of grass was burned off. Boys who were hunting on the property were believed responsible for the San Bruno fire while a cigaret, thrown from an automobile, was believed to have started the fire on Skyline Blvd.

## C. R. Baume Recovers, Resumes Camping Trip

Clement R. Baume of Harrison Ave., Redwood City, commander-elect of Redwood City Post 105, American Legion, who was stricken ill while on a vacation with his family in Nevada, has recovered and has resumed his camping trip, according to word received from him today by the Tribune. With his wife and two sons, Baume, a retired U. S. Navy lieutenant, is now at Stateline, on the southern shore of Lake Tahoe on the Nevada-California line.

"We have been doing Nevada and way points; don't know when we will be back," Baume wrote.

## Local Court's Status Raised After Hearing

The Third Township Justice Court in Redwood City became a Class A court Monday when Superior Judge A. R. Cotton signed a writ ordering Justice of the Peace Edward I. McAuliffe to hear a "test" case involving a civil action involving more than \$300.

When the suit was filed in his court July 16, Judge McAuliffe refused to handle the matter, contending that his was a Class B court and was limited by statute to hearing civil cases involving less than \$300. The classification of the court was based on the township population.

Atty. A. H. McGovern, who filed the test suit amounting to \$599.30, immediately sought a superior court order to force the justice court to hear the matter. He contended that the population of the township was in excess of 30,000 and as such entitled the court to the advanced status, which includes the right to hear cases involving as much as \$1000.

When the matter was brought to his court Judge Cotton appointed Roscoe D. Wyatt as referee and directed him to hold hearings to determine whether the population had increased sufficiently since the 1940 census to give the township the necessary 30,000 for a Class A court.

Wyatt concluded his hearings on Friday and filed his report, along with a transcript of the testimony, Saturday. On reviewing Wyatt's opinion and the transcript, Judge Cotton immediately signed the writ, elevating the status of the court.

## MENLO PARK NEWS

A new theater building is assured Menlo Park by Oct. 1. It will cost \$125,000.

Charles Amherst, a new arrival from the East, was here this week and looking for a location for a grocery store. He will carry a large stock to be sold at wholesale rates. The store probably will be located on the Glynn property on Santa Cruz Ave.

The deer season opened here Friday. Frank Gainer shot a 120-pound buck in Mendocino County. His many friends will be able to enjoy venison dinners on Sunday.

Six new homes were started this week on the Flood estate. The cost of each will be \$10,000. Principal buyers of property in this popular subdivision are San Francisco people.

The marriage of a local young man and San Francisco belle will be announced in this column next week.

Thomas Carleton and family have gone to Monte Rio for a two-week vacation. Mr. Carleton is a teacher in the high school at Redwood City.

**HIBERNIANS HONOR REILLY**  
George R. Reilly, who represents San Mateo County as a member of the State Board of Equalization, was elected national director of the Ancient Order of Hibernians at the St. Paul convention Sunday, according to press advices from the Minnesota capital. Reilly was nominated by the California delegation.

## Lou Waters' Swing Band Secured for August 9

A "hot, swing band"—the 12-piece orchestra of Lou Waters—will be brought here from Hollywood for the second in the series of Summer dances being sponsored by the Fourth of July Celebration Committee for benefit of the recreation fund.

This was announced here by Joseph E. Primeau, dance committee chairman, who said he had secured the widely-known orchestra through the Music Corp. of America for the dance set for Saturday, Aug. 9, at 9 p.m. at the outdoor platform in the recreation center.

Admission to this dance will be whittled to an even 75 cents to simplify the making of change.

With fair weather this time and with the kind of music Waters is capable of producing expected to lure crowds from all parts of the Peninsula, San Francisco and San Jose, the committee confidently expects that more than a thousand people will attend this affair. The first dance, held Saturday night with Muzzy Marcellino's "sweet" music as the attraction, drew 600 admissions despite threatening weather.

Final plans for the dance are to be made tomorrow evening when Primeau and his committee meet.

## Escapes Held As Burglars

Three youths, two of them escaped inmates of the Preston Industrial School for Boys, were arrested here yesterday evening and booked on burglary charges. When arrested by Redwood City police they were driving an automobile that had been stolen from Colton three days ago and the car contained several stolen items including a shotgun, according to Chief of Police C. L. Collins.

LeRoy A. Frisch, 19, and William Look, 19, admitted to Collins that they had run away from the Preston school. Arrested with them was Cleo Owen Ford, 16, who gave his address as Wagon, Okla.

In addition to theft of the car and the articles found in it, Collins said the boys had admitted to a purse snatching in Palo Alto.

The stolen articles were taken from the home of Peter Faber, East Palo Alto dairy operator who this morning signed a complaint against the youths in Justice of the Peace Edward I. McAuliffe's court.

Included in the loot taken from the Faber home were a shot gun and two suitcases of clothing.

The trio is being held here

## Committeeman For Dances

Joseph E. Primeau, purchasing agent for San Francisco's largest hotel—the St. Francis—is chairman of the committee arranging the summer dances here. Primeau, president of the National Purchasing Agents Association of California and first international vice president of the International Stewards and Caterers Association, has been in hotel business only since 1928. Prior to that he served for 13 years as a Royal Canadian Mounted Policeman, and frequently talks before service clubs of his experiences. During the war he served five years with the Canadian Army and received as decorations the Military Medal, the French Croix de Guerre, Mons Cross, Allied Medal and British Service Medal.

By their arrest, the boys have a perfect alibi for a San Leandro holdup later last evening in which William Hanna, 64, a grocer, was shot and killed by youths of age and description similar to those held here.

Hanna was slain as he telephoned the sheriff's office there for help while Mrs. Hanna was being held up by two youths.

Cows, horses and tractors are among the cargoes of commercial planes which fly from Edmonton, Alberta, to outposts in northern Canada.

## Clarence M. Doxsee Is Feted Twice on Birthday

Double honors were paid to Clarence M. Doxsee yesterday upon the occasion of his 80th birthday.

The San Mateo County Title Co. president was feted by more than 50 of his friends who dropped in at his home at 79 Claremont Ave. during last evening. Singing and social conversation were enjoyed by those attending.

At noontime, the Kiwanis Club, of which Mr. Doxsee is a member, paid him tribute in comedy and serious speech and song.

To start the affair, Louis A. Behrens, a club member dressed as a chef, started to present to the honored guest a large birthday cake on which were many lighted candles. Just as he reached the table where Mr. Dox-

see was seated, he "accidentally" stubbed his toe and fell, smearing the cake all over the floor in Sodini's restaurant. Maintaining a straight face, "Chef" Behrens solemnly scraped up the mushy mess and as solemnly presented it to Mr. Doxsee while the other Kiwanians roared with hilarity.

Later, however, a much larger and more beautiful cake was presented to the honoree; Lee

T. Ross, local attorney, paid a word tribute to Mr. Doxsee; an original song by Otis M. Carington honored the octogenarian; and brief talks were made by the Rev. Charles E. Ward and School Supt. Andrew Spinas. Mr. Doxsee himself then spoke and recited an original poem.

Cuthbert B. Currie was chairman of the meeting.

## 20-30 Club To Sponsor A Civic Project

Several topics relating to a long-term civic development project were discussed at the meeting of the 20-30 club last night. The discussion was started when the club agreed to undertake one proposition and sponsor its completion.

Among the matters discussed as possible undertakings were the establishment of an under-

pass under the Southern Pacific tracks, planting of trees on El Camino Real and developing an aquatic park at the yacht harbor.

Robert Salz, president, appointed "Bud" Cockrill as chairman of a committee to study all three proposals. Others on the committee are Gerald Smith, Harry Jenkins Jr. and Jack Held.

VALUABLE RING FOUND

A valuable wedding ring was  
found in Redwood City this week  
and turned over to the police de-  
partment. The ring will be re-  
turned to the owner upon iden-  
tification, Sergt. Stanley D.  
Wood said.

A tank truck was first used for  
shipping milk in 1914.

## Drive Slated To Win State Aid for Parks

San Mateo County officials  
will take further steps over the  
weekend to gain state support  
for operation and maintenance  
of county-owned recreation  
lands.

County Planning Engineer  
Ronald L. Campbell is preparing  
a survey of all county-owned  
recreational properties and this  
will be submitted to the State  
Park Commission at its weekend  
meeting in Mendocino County.

Features of the survey include  
a request that the state take over  
county beachlands and assume  
the operation of 973-acre Hud-  
dard Park, near Woodside, as a  
state park.

The state has shown consid-  
erable interest in each of the pro-  
posals in the past few weeks and  
State Park Comr. Arthur V.  
Swift said here on Wednes-  
day that he would urge his fel-  
low commissioners to take fa-  
vorable action on the proposal.

The planning commission will  
recommend that the state use  
funds received from oil drill-  
ing operations on state-owned  
tidelands to buy beach  
properties adjoining county-  
owned beaches. Purchase by  
the state of the properties rec-  
ommended by the planning  
commission would greatly en-  
large the available areas of  
individual beaches.

It is proposed, for instance,  
that the state buy the beach-  
land not already owned by the  
county at Half Moon Bay so that  
a 3-mile stretch from Pillar  
Point to Kelly Ave. would be  
available to the public. This  
would entail state purchase of  
about two miles of beachfront.

Additional purchase of beach-  
lands in San Gregorio, Pesca-  
dero and Tunitas also is proposed  
in the survey.

The planning commission con-  
tends that the county now owns  
sufficient beaches for the use of  
its own citizens and that the  
state should assume the pur-  
chase cost of additional prop-  
erty because non-residents make  
up the largest part of the users  
of the beach facilities.

County Executive Frederick  
Peterson said that Governor Ol-  
son and John McLaren, who is  
in charge of operation of San  
Francisco's Golden Gate Park,  
would be invited to attend a  
meeting of the State Park Com-  
mission here in August.

The county board of super-  
visors yesterday extended an  
invitation to the state commis-  
sion to hold its next meeting in  
San Mateo County, probably at  
Memorial Park.

### NAMED TO DEFENSE GROUP

SAN CARLOS — Appointment  
of Julius Edling, San Carlos as-  
sistant fire chief, to the county  
defense council was announced  
here by Mayor A. H. Sagehorn.  
Edling's appointment is one of  
several that will be made with-  
in the next few days by incor-  
porated cities throughout the  
county in response to a request  
made by the county board of  
supervisors.

## Johns-Manville Journal

America, Land of Free,  
Is First In Production

U. S. Industry Leads  
World Because Men  
Can Develop Ideas

There are two ways of  
getting a people to do  
things—one way is to  
MAKE them and the  
other way is to LET  
THEM.

Sometimes the first way  
looks better for a while,  
but don't let that fool  
you.

The second . . . or  
American way . . . al-  
ways has won and always  
will win in the long run—  
because human nature  
will always work better  
with the SKY as its limit  
rather than under a dic-  
tatorial heel.

America leads the  
world in industrial pro-  
duction today because  
America is the land of the  
free—a land where men  
are free to think up ideas  
and work them out with-  
out over-the-shoulder in-  
terference.

Our own company is a  
fine example of the man-  
ner in which humble  
ideas can evolve into  
great constructive thiv-

Ten more Johns-Man-  
ville jobholders became  
members of the J-M  
Quarte Century Club  
this month bringing the  
club's membership to 441.  
The combined service of  
these members now  
amounts to more than 120  
centuries. The club is  
composed of people who  
have been with Johns-  
Manville for 25 years or  
more.

The members of the  
Quarter Century Club  
have varied backgrounds.  
Some are self-educated.  
Some went through high  
school and some through  
college. Among them are  
watchmen, superintend-  
ents, carpenters, engi-  
neers, foremen, laborers,  
electricians, research ex-  
perts, technicians in spe-

cialized fields and top ex-  
ecutives. In their ranks  
members of the J-M  
Quarte Century Club  
letes, soldiers and sailors  
Many of them are heads  
of families, while some  
have children who are  
following in their foot-  
steps by building J-M  
careers.

Their hobbies range  
from hunting, baseball  
fishing and photography  
to collecting stamps, gar-  
dening, model making  
selling, music and pin-  
cible playing.

They are lodge mem-  
bers, church members,  
service club members and  
active in public affairs.  
Of all races and creeds  
they truly represent a  
cross-section of the type  
of Americans that have  
made this country great.

**DO LINES FORM  
OUTSIDE YOUR  
BATHROOM DOOR**

This happens frequently in  
families when children grow  
up and it can be most irri-  
tating — and embarrassing  
when it involves guests.  
We've solved this problem  
for many families by utiliz-  
ing space that could be  
spared for auxiliary facili-  
ties. There's no obligation to  
talk it over and to determine  
costs.

**Rock Wool First  
Found In Hawaii**

Within the crater of the  
volcano "Kilauea" in Ha-  
waii molten lava is blown  
by steam into natural  
Rock Wool. Scientists ex-  
amined it and found that  
millions of minute air  
cells were trapped be-  
tween the fibres and  
made it an excellent in-  
sulating material.

Today man made "vol-  
canoes" in J-M plants  
produce Rock Wool by  
striking molten rock with  
a jet of live steam under  
terrific pressure, thus  
blowing the rock into  
wool-like fibres which  
are widely used to in-  
sulate homes.

## SEVEN REASONS

Why You Should Read The  
TRIBUNE EVERY EVENING

1

BECAUSE . . . You want to know what your friends are doing, what's  
going on in your city, in its surrounding vicinity, and what is going to  
happen in the future.

2

BECAUSE . . . The REDWOOD CITY TRIBUNE gives you the most com-  
plete coverage of local news in REDWOOD CITY and SAN CARLOS  
every evening.

3

BECAUSE . . . The Tribune prints the very latest news from the court  
house and other county offices daily. Since you live in San Mateo County,  
pay taxes in this county, and send your children to local schools, you  
should know where your money is going and what your county representa-  
tives are doing.

4

BECAUSE . . . The Tribune is the only paper in San Mateo County with  
a weekly page of DEFENSE NEWS. There are more than 142 service men  
from Redwood City and San Carlos. Keep in contact with these boys and  
their accomplishments through The TRIBUNE. (Any news you may sub-  
mit about local service men will be greatly appreciated.)

5

BECAUSE . . . You can save more than the price of the paper by keeping  
posted on the bargains advertised in The TRIBUNE, the leading adver-  
tising medium of this territory.

6

BECAUSE . . . Our new streamlined type is easy to read and is restful  
to your eyes.

7

BECAUSE . . . you can have The TRIBUNE delivered right to your door-  
step every day for ONLY 65c per month.

## Hitler Needs Resources Of Russian Agriculture

THE vast resources of Russian agriculture, for which Hitler saw fit to wage a two-front war, were partially developed by K. A. Timiryasev, an obscure Russian scientist.

Few Americans have heard of him. He was professor of agricultural and biological sciences, did much to improve Russian farming and soil development.

The Russian government in 1940 honored Timiryasev philatelically in a series of stamps commemorating the 20th anniversary of his death. The 60k stamp above shows his monument in Moscow.

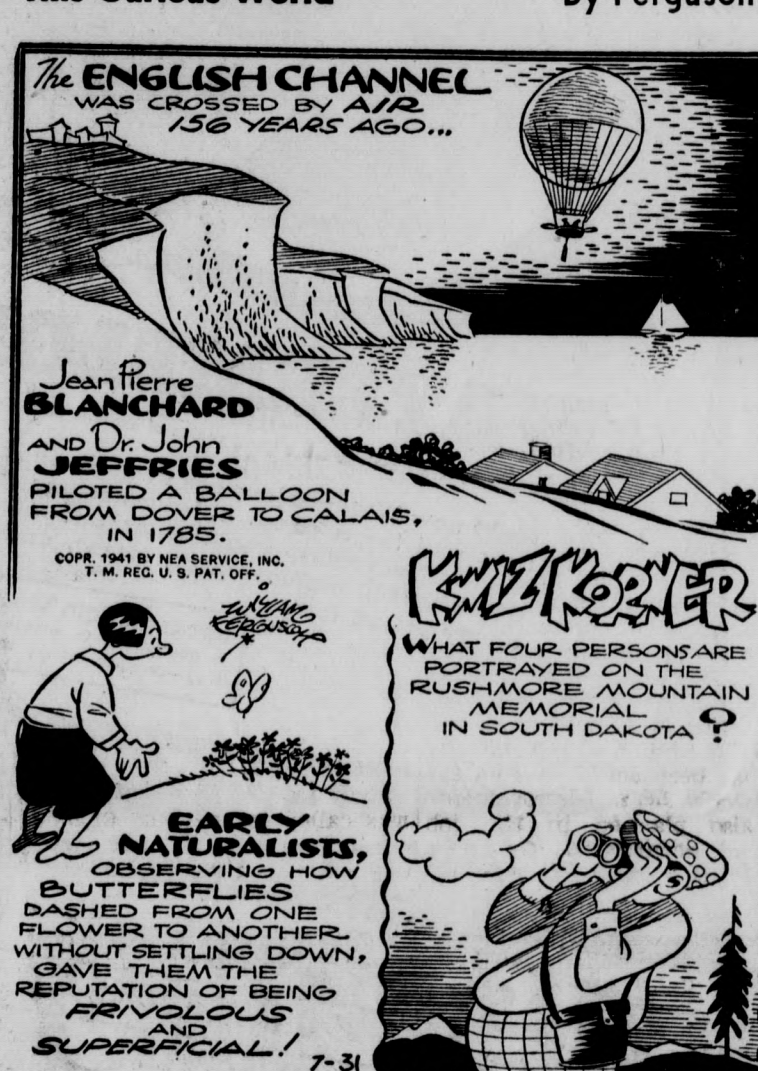

Timiryasev was born in St. Petersburg (now Leningrad), May 22, 1843. He published his first scientific volume in 1864-65, graduated from Moscow University in 1866.

His research in the fields of plant physiology, evolution and Darwinism and his world-famous work "Sun, Life and Chlorophyll" are exceedingly valuable studies.

He was given honorary degrees for his work by the universities of Cambridge, Glasgow and Geneva and the Royal Society of London.

## Peninsulan, Flying With RAF, Killed

Notification that the body of their son had been recovered from the wreckage of a Royal Air Force plane Tuesday struck tragedy into the lives of Mr. and Mrs. Charles L. Wilber, 7 Tenth Ave., San Mateo.

The terse notification from the British Air Council stated: "Immediate from Air Ministry. Further information that body of Pilot Officer Robert Ruggles Wilber has been recovered and interment is being arranged for 3 p.m. British double Summer time on Wednesday, the 30th of July, 1941, at Churchyard, Sutton Bridge full stop. The Air Council express their profound sympathy."

It was dated 2:49, July 29, 1941.

## M.P. Publisher Retires; Weekly Gets New Owner

MENLO PARK — Charles A. Cooney, who has been connected with the editorial department of the Oakland Tribune for the past two years, has taken over operation of the Menlo Park Recorder, weekly newspaper published for the past 17 years by Mr. and Mrs. L. E. Harris. The Harris plan to leave in the near future for the southwest in the hope of improving the health of Mrs. Harris, who has been ill for some time.

Aiding Cooney in his new venture is Mrs. Cooney. With their two children, Janet, 9, and Carol, 3, the Cooneys have moved to Menlo Park, where they plan to purchase a home at once.

Cooney, who is 40, has been in newspaper work since he was a boy. He has been employed in Wyoming, New Mexico, Texas, Utah, Montana and in several California cities. Prior to going to Oakland he was city editor of the Salt Lake City Tribune.

Cooney said he planned a number of improvements for the newspaper, and announced appointment as society and club editor of Mrs. Edna Crane Burchfield, well-known local resident. Mrs. Burchfield is organist in the Church of the Nativity and has been active in amateur theatricals here. Improvements are also planned in the job printing department, Cooney said. He is a union printer himself.

## Board Gives Speech School Permit But Hints at Appeal

Complying with a superior court writ of mandate, the San Mateo County Board of Supervisors on Tuesday issued a permit to the McKenzie School of Individual Instruction to operate at Menlo Oaks a school for children with hearing and speech defects.

The board, however, reserved the right of appeal from the court's order and indicated the matter may be taken to the State Supreme Court.

A resolution, prepared by the district attorney's office in reply to the court order, gave permission to establish the school but reserved all legal rights the county may have in event an appeal is taken.

That the matter would be appealed was evident when the supervisors instructed Asst. Dist. Atty. Daniel E. Sullivan to investigate possibilities of appealing the superior court ruling and to take such steps as necessary to obtain a legal reversal of the superior court's findings.

The supervisors previously were made defendants in a suit after they had upheld the county planning commission in refusing to allow a use permit for the school.

A petition, signed by 86 residents in the Menlo Oaks district, urging the supervisors to appeal the case, was presented to the board today. The petition maintained that the establishment of the school would materially reduce property values in the district.

Other action taken by the supervisors included passage of an ordinance establishing a county defense council in connection with a state and nationwide civilian defense movement.

The ordinance provides that the district attorney, a member

## Schools' Requests For State Aid Bared

Of \$78,955,882 in state funds requested of the State Department of Education for support of public schools during the 1941-42 school year, San Mateo County elementary schools will receive \$619,208.83, high schools \$492,149.88, junior college \$107,840, the Associated Press reported from Sacramento.

The state total, based upon reports submitted by county superintendents of schools, represents a gain of \$1,215,007 over the actual 1940-41 apportionment.

It includes \$41,878,942 for the elementary schools; \$34,298,079 for high schools and \$2,778,840 for junior college districts.

The number of elementary grade students rose from 667,201 to 679,860, high school attendance from 359,710 to 370,596. Junior college enrollment fell off 445 to 30,476.

## Check Passer Given Jail Term; Wife Freed

Russell Burns of San Francisco was ordered to serve a year in the county jail and his wife, Florence, was granted unconditional probation Tuesday when they appeared for sentence before Judge A. R. Cotton on charges of passing worthless checks.

The pair was arrested on a charge of having stolen bank

payroll checks from a San Francisco printing firm and making them out to appear as checks for wages.

The amount in each case was \$35, according to Dep. Dist. Atty. Burress Karmel, who handled the prosecution.

It takes seven five-cent pieces to buy a pound of nickel.

### Grace, Rhythm Featured In S.F. Ice Follies

The beauties of grace and rhythm, blended with skill and masterful showmanship, are being unfolded nightly by the Ice Follies of 1941, at Winterland in San Francisco.

Different from a stage production because the entire ice rink is the stage and different completely from last year's show, the new Ice Follies has attracted capacity audiences.

The revue first appeared in the Bay Area two years ago, when 400,000 persons saw it. A similar number of people saw it last year. Just returned from a triumphant tour of the East, the new Ice Follies records show more than 1,500,000 attendance in the past year.

Most elaborate production feature is the "Moonlight Vision," which introduces the 1941 edition of the ice extravaganza.

Costumed in semi-transparent hoop skirts, skaters in the number have a modern atmosphere and yet the scene is an ideal opening built around flowing rhythm and easy grace. Using large meteorological balloons, the girls cover the entire ice surface with delicate patterns and thrilling formations as the Moonlight Vision progresses. It is skated to the music of "Waltzing With a Moonbeam," written for Ice Follies of 1941 by Stanley Cowan and Bobby Worth, youthful Hollywood song writers.

Featured as a specialty within the Moonlight Vision episode are Valerie and Jenna. Costumed as Romeo and Juliet, the two graceful girls glide smoothly through ever changing formations of the 24 Ice Follies as they do an expert double.

### Loewe's Estate Goes To Kin, Employees

Division of the estate of F. W. Loewe, late San Mateo department store operator, was provided for in the will filed for probate in superior court at Redwood City Monday.

Loewe, who took his own life on July 21, named his wife, Hulda, as executrix of the estate, which is "in excess of \$10,000."

### 'Anna Christie' Play Set for S.F. Aug. 4

Ingrid Bergman, distinguished Swedish dramatic star, comes to San Francisco Aug. 4 for a two weeks' engagement at the Curran Theater in Eugene O'Neill's classic American play, "Anna Christie." The play is being presented by the Selznick Co., under direction of John Houseman and Alfred de Liagre Jr.

Miss Bergman, making her first San Francisco stage appearance, was a star in the Swedish theater and on the continent before coming to the United States under contract to David O. Selznick. Last season, in New York she co-starred with Burgess Meredith in a production of "Liliom," which ran three weeks longer than the original production.

Houseman, co-founder of the famous Mercury Theater, and de Liagre, noted for the last 10 seasons on Broadway as a producer and director of successes, have selected this as the first of the Selznick season of plays because it is such a rich vehicle for Miss Bergman's extensive talents. She acts in English, French, Swedish and German.

J. Edward Bromberg, star of the Group Theater, Jessie Busley, for many years a leading woman on Broadway, and the Selznick Co.'s new male discovery, Damian O'Flynn, are other principals in the cast.

Performance will be nightly at 8:30 (except Sunday) with the Wednesday and Saturday matinees at 2:30. The engagement will end on Saturday night, Aug. 16.

Named as beneficiaries in the will were Loewe's sister, Ella Maune Loewe, and his daughter, Lorraine. The sister is left \$5000 and the daughter, \$10,000.

Mrs. Loewe has asked, in her petition, for \$400 monthly for support and maintenance until the estate is settled. She will receive the principal share.

A codicil added to the will in August of last year provides \$500 for each employee of Loewe's store, Loewe & Zwiernin, who has worked there for at least the past five years.
